## EXPERIENCE

**Bharat(Internships) | Frontend Developer**         Bhopal | June 2023 - July,2023
Unpaid And Virtual Internship focusing on project management and handling pressure. Developed projects using HTML, CSS, JavaScript, React, and Bootstrap. Gained valuable insights into teamwork and effort management.

**CRISP(Training) | Java SE developer**              Bhopal | May 2024 - July 2024
I completed Core Java training at CRISP, Bhopal, from May 2024 - July 2024. This program provided a strong foundation in Java fundamentals, including object-oriented programming and data structures, significantly enhancing my coding skills and practical application of Java concepts.

## SKILLS

| | |
|---|---|
| Programming Languages: | JavaScript, Java SE |
| Libraries/Frameworks: | React.js |
| Tools / Platforms: | Git, GitHub, VS-Code |
| Databases: | SQL, MongoDB |

## PROJECTS / OPEN-SOURCE

**E-commerce | Link**                                           *HTML, CSS, JavaScript*
Designed and developed the complete frontend of an e-commerce website using HTML, CSS, and JavaScript. Focused on creating a responsive and intuitive user interface, optimizing load times, and enhancing the overall user experience.

**Tech Quiz Application | Link**                                *Java SE,JDBC,GUI,SQL*
Developed the Tech Quiz Application using Java SE with JDBC for database connectivity and SQL for data management. Created an intuitive GUI to ensure an engaging quiz experience. Implemented features like real-time feedback and dynamic question loading.

**Chat Application**                                            *React.js*
Developed a responsive chat application using React.js, focusing on real-time messaging and user-friendly design. Integrated features like user authentication, chat rooms, and private messaging. Utilized modern CSS for styling and React's state management for efficient real-time data handling.
